## Who is the course for

IT managers, team leaders, CIOs, IT governance specialist. Course is also suitable for consultants who are aiming to guide their clients through digital transformation driven by DCMM logic and management patterns.

## What we teach you

Course participants will learn how to manage IT with DCMM logic and management patterns.

Course participants will gain knowledge how to balance autonomy of acting and making decisions where information is not complete, how to adaptively manage through complex chains of activities, how RBA and ADRA is supporting decision making and visualise resource and benefits balances. Course is designed to discontinue perception of colleagues as customers, where Customer Experience is transformed to Collaboration Experience, as inside organisation everyone collaborates.
