Course outline

Introduction to Facebook Advertising and Setting Up a Business Account

Let's talk about the importance of FB advertising and what its benefits are. We'll show you what options there are and help you create an ad account, set it up correctly and connect it to Instagram.

Audience Targeting and Segmentation

We'll show you how to properly target ads, create interest groups, and use your own and look-a-like audiences.

Ad formats and content creation

We'll go through all the possible ad formats (static image, video, carousel and more) and recommend a few rules you should follow when creating posts, texts and CTAs.

Campaign settings and evaluation

We'll recommend a suitable goal and budget for your campaign, ad placement, and delivery optimization. We will advise you on which basic metrics are relevant to you, how to set KPIs and what are the options for A/B testing.

Practical tips and recommendations. Space for final discussion

Based on our experience, we will recommend procedures for creating a successful advertisement, point out frequently repeated mistakes and introduce you to the latest trends. We will talk about everything at the end and advise you on a
